Dear Judge |

I Came to the court house in Manhattan N.Y.
On the 12/10/2013 fore my hearing I was
told at the Office of the Court that it
has been cancelled. The lawyer who
called me about settlement, told me that he
would send me papers to sign to cancel
the court date, and he never did send
those papers. I wanted the Judge to
over hall the process that he had me sign
in my phone email. Nobody explained to
me the process of the settlement, he only
told me the he is offering me 12,000; without
any explanation of anything. I don't know
what I sign. The reason why I am here today
is to see the Judge to see if it is fair
as I am dum on this matter. I am really
Upset with the lawyer and myself

I don't think it is fair for
him to take my name off the calendar
without my consent.

Please Judge is there
anything I can do Sir.
